MEMORANDUM TO THE FILE

SUBJECT: [REDACTED] conversations with [REDACTED]

AB/L
B/3

1. [REDACTED] called [REDACTED] on Wednesday morning, 9 May 1951, to advise that we have the report he wanted and will be pleased to deliver it to him at his convenience. [REDACTED] said that he would call back later and was impressed with the speed with which we obtained this document.

2. [REDACTED] called again at 1600 hours Thursday, 10 April, to say that he was going out of town but would like to meet with us Monday. He has seen a report prepared by "the pharmacologist" and is having a copy prepared for us. (I am not sure what report he is referring to, but will pick up the copy Monday).

3. Arrangements were made to meet with [REDACTED] at 1130 hours Monday in [REDACTED]

NOTE: In view of the many ramifications and the rapid developments of the [REDACTED] case, [REDACTED] attempted to contact [REDACTED] and brief him on the situation. From 11 00 hours on 9 May until 1730 hours on 10 May these efforts were unsuccessful. We were advised that [REDACTED] is going out of town and will call us Monday.
